### ABOUT:

Op. Dr. Cem Altındağ is an experienced Ear, Nose and Throat and Head & Neck Surgeon with extensive expertise in rhinoplasty. He focuses on achieving natural, harmonious results that are compatible with each patient's facial features. With a large number of successful primary and revision rhinoplasty procedures, he is recognized as a prominent rhinoplasty surgeon.

Dr. Altındağ graduated from Istanbul University Istanbul Faculty of Medicine and completed his residency in Ear, Nose and Throat Diseases at Istanbul Beyoğlu Training and Research Hospital. Throughout his career, he has worked in different regions of Turkey and has been practicing in Istanbul since 1999.

Closely following modern rhinoplasty techniques, Dr. Altındağ has participated in numerous national and international trainings, courses, and scientific meetings. He also collaborates with universities and research centers, contributing to the development of surgical techniques and instruments in aesthetic nasal surgery.
