ABOUT:

Dr. Nermin Mammadova is a specialist distinguished by her strong academic background and international experience in the field of Plastic, Reconstructive and Aesthetic Surgery. She completed her medical education at Dokuz Eylül University Faculty of Medicine and subsequently received her specialty training in the Department of Plastic Surgery at Istanbul University Istanbul Faculty of Medicine, establishing a solid professional foundation in both aesthetic and reconstructive surgery.

Actively participating in national and international congresses, and contributing with oral presentations and scientific studies, Dr. Mammadova continues her professional development through her ISAPS membership and advanced surgical training programs. With her microsurgery training and international observership experience, she combines technical precision with aesthetic harmony in her surgical practice.
