LEYLA  ARVAS

PLASTIC SURGEON

WHO IS MD. LEYLA ARVAS?

Dr. Leyla Arvas was graduated from Istanbul University Medical Faculty in 1998 and started her Plastic, Reconstructive and Aesthetic Surgery specialization. During her educational period she worked in well-known clinics and hospitals in different countries.

She had studied microsurgery (reconstruction of head and neck, breast) in Taiwan Chang Gung Memorial Hospital, which is one of the best microsurgery centers in the world.

- She worked in **TWMU Hospital in Tokyo**, and experienced about Laser treatments for acne, hyperpigmentations, wound scars, wrinkles and acne scars.
- She had been a fellow in IDB (Instituto Javier de Benito) in Barcelona, Spain and actively studied in the clinic especially on face and breast aesthetics. She attended the Silhouette Lift and Silhouette Soft meetings several times in Barcelona and has been using the technique for four years.
- After she finished the speciality as a plastic surgeon she began to work in Yeditepe University Hospital as an Assistant Professor of Plastic Surgery in Istanbul.
- She became a plastic surgery consultant in Bosphorus Anatomica Plastic Surgery Center in 2011 and performed different aesthetic operations and minimal invasive procedures like Botox, filler injections, mesotherapies, Laser treatments, chemical peelings and thread lifts.
- She is working in her private office in **Quartz Clinic** in Istanbul / Nisantasi since 2015 and performing surgeries in well-qualified hospitals like Acibadem Taksim Hospital and Amerikan Hospital in the europian side of Istanbul.
- She is expert in **Rhinoplasty, Blepharoplasty, Face Lifts (endoscopic face lifts), Liposuction, Breast Lift, Augmentation and Reduction Mammoplasty as well** as **Tummy Tuck** procedures named as body sculpting procedures.
- She is using VASER liposuction technology for body reshaping. High Definition Liposculpturing is one of her interest especially for good candidates who are wishing for more athletic appearance.
